PROFESSIONAL RESUME

Recently graduated from Computer Systems Engineering, with great interest in accessing the job market to put my knowledge into practice. I am a hardworking, communicative and committed person.

EMPLOYMENT HISTORY

03/2023 - 05/2023

Freelance developer

Particular - Cd Insurgentes B.C.S

I developed an application called ClubCheck which keeps track of user subscriptions and allows access to the club. Control the entrance with a fingerprint reader to verify the status of the subscription. The application was installed in a gym and later offered to different gyms with a subscription business model consulting the stripe api. Technologies: .NET, C#, Stripe, Twilio.

11/2022 - 04/2023

Developer

Particular - CD insurgentes B.C.S.

I developed a mobile and web app that consult information from a rest api. The web application is responsible for recording the payments made by customers and keeps track of the status of each account, the mobile application is for customers and they can see the history of their payments and the status of their account.

Technologies: Angular, Ionic, Nodejs, Express, Jwt, Mysql, Html, Sass.

05/2022 - 11/2022

Web developer

Asociación de usuarios de agua para fines agropecuarios del D.R. 066, A.C. - Ciudad Constitución, BCS

I developed a web application that manages user data, titles, geolocation of wells, relocations of each well and investments. Technologies: HTML, PHP, JavaScript, JQuery, Sass, Bootstrap.

08/2021 - 06/2022

Mobile app developer

Instituto Tecnológico Superior de Ciudad Constitución - BCS

I developed a mobile app in Android Studio called Luxometro. With this application you can see the lighting of the different work areas which are analyzed according to NOM-025STPS-2008 to verify if there are deficiencies in lighting levels. I also used artificial intelligence to calibrate 20 devices and their accuracy improved from 83% to 97%. Technologies: Java, Python (TensorFlow), PHP, SQLite, MySQL.

DEGREE

2023

Bachelor of Engineering in Computer Systems

Instituto Tecnológico Superior de Ciudad Constituc - Ciudad Constitución, BAJA CALIFORNIA SUR

SKILLS

PROGRAMMING LANGUAGES

- Java
- JavaScript
- TypeScript
- PHP
- CSS
- HTML
- Python
- Sass
- C#

FRAMEWORKS / OTHERS

- Bootstrap
- JQuery
- Ajax
- Node.js

- Express Js
- Angular
- Android Studio
- Ionic
- .Net Core
- Stripe

DATABASES

- MySQL
- SqlServer
- MariaDB
- SQLite

LANGUAGES

- Español - Nativo
- English - B1
